LeCHASE’S ROLE:

Design–Builder

VALUE:

\$7.3 million

SCHEDULE:

12 months

PROJECT DESCRIPTION:

This project consisted of a 42,000 SF, four–story medical office building. The project highlighted the use of specialized construction components to accommodate the linear accelerator and MRI imaging equipment that was installed in the new building.

This project utilized a fast–track design and construction process. Construction commenced four months after the design kickoff meeting.
